

Panel Discussion: Transformative Actions Program (TAP) *Transformative climate resilience projects in cities*

Tuesday 14 November 2017 16:30 - 18:00
Cities and Regions Pavilion (E.02), Bonn Zone
UNFCCC COP23, Bonn, Germany
Refreshments will be served

The TAP is an initiative to identify innovative and ambitious local projects that will catalyze transformation toward more resilient, sustainable cities and regions. We invite you to join our event to learn more about how these projects are enhancing cities' ability to reduce exposure and vulnerability to multiple shocks and stresses through actions for climate change adaptation, disaster risk reduction, and pro-poor urban development. cities-and-regions.org/pavilion

Featuring projects from:

Port Vila, Vanuatu

Catbalogan, Philippines

Tshwane, South Africa

Recife, Brazil

Organized by

TAP
